Sharp sand - per Kg bag	£0.30	per 1kg bag
<b>FERTILISERS &amp; SOIL IMPROVERS</b>		
<b>N=nitrogen, P=phosphorus, K=potassium, Ca=calcium</b>		
Blood, fish and bone - per Kg bag	£0.80	Slow release spring fertiliser which should not cause root burn. NPK 5:5:6.5
Bone meal - per Kg bag	£0.80	
Calcified seaweed - per Kg bag	£1.35	Very slow release Ca, some magnesium, many trace minerals. Beneficial to cabbages and other brassicas.
Groworganic 40L	sold out	Composted & heat treated poultry litter: includes wood shavings. A concentrated, fibrous, weed free fertiliser that also conditions the soil & breaks down clay. NPK .5.:3:5.3 <b>Certified by Organic Farmers &amp; Growers</b>
National Growmore - per Kg bag	£1.35	General purpose fertiliser, economical, plated. NPK 7:7:7
Durston Blended Manure 40Lt	£4.50	<b>MAXIMUM 3 per plot</b>
Gypsum -per Kg bag	£1.20	Provides Calcium without raising pH. Excellent conditioner for heavy clay soils making the soil easier to work. Apply at 250 – 500g per sq metre
Hoof and horn - per Kg bag	£1.30	Slow release Nitrogen fertiliser. NPK 12:0:0
Lime - per Kg bag	£0.35	Neutralises excess acidity in the soil. Helps break up clay soils and is good for the cabbage family
Maxicrop Original Seaweed Extract per 1tr	£5.80	Liquid seaweed extract supplying minerals and trace elements that stimulate growth. Good for vegetables and flowers. <b>Soil Association Approved</b>
Magnesium Sulphate (Epsom Salts 10% Mag Sulph) -per Kg bag	£1.00	Use to correct magnesium deficiency in the soil. Can be used as a foliar feed
Nitro chalk - per Kg bag	£1.00	Ammonium nitrate plus lime. Provides Nitrogen while avoiding the acidity that can be caused by sulphate of ammonia, and no effect on earthworms. Top dress at 70g per sq m avoiding direct contact with plant leaves
Sulphate of ammonia - per kg bag	£0.80	High N for good leaf production. Quick acting but lasts only 6-8 weeks. Can cause acidity and reduce earthworms. Use during growing season NPK 21:0:0
Sulphate of potash- per kg bag	£1.90	Potassium for fruit and flower production. Quick acting but lasts only 6-8 weeks. NPK 0:0:48
Superphosphate - per kg bag	£1.00	High P and gives good root formation, but can cause acidity and reduce earthworms.
Compost activator - per kg bag	£0.60	A powder of bacteria and nutrients which helps the compost heap rot down quickly
Potato fertiliser -per kg bag	£1.05	Special purpose fertiliser for potatoes NPK 6:10:10
Organic pelleted chicken manure 20kg	£0.75	per kg bag
Maxicrop Plus Complete Garden Feed	£8.50	Natural Seaweed extract plus responsible level of balanced feed NPK 5:5:5. Ideal for feeding plants grown in pots
