

Plans 2026/27

Maintenance Work

- Develop plans for installing a toilet on site.
- Ongoing improvements to the main Montenotte track.
- Re-align several badly leaning water troughs.
- Repair leak at water trough by plot 107a.
- Ongoing development of communal compost area.
- Fence repair behind wood chip bays and Montenotte Rd track.
- Ongoing tree work.
- Monitor and if necessary improve drainage in front of the Barn.
- Explore possibilities for some communal wood chipping.
- Progress Biochar experimentation.

Barn Activities

Our ongoing centenary celebrations include:

- Mid-summer party in June
- Launch of Ian Potts' film about Shepherds Hill Allotments (planned for the autumn)
- Publication of an allotment cookbook
- September Plant Show

We will continue to have our popular Sunday monthly discussions followed by lunch, and our midweek café at the Barn. We plan to have our usual plant sale in May, the return of the London Metropolitan brass band in August, and the Winter Warmer in November.

We are always keen to have more involvement from the allotment community in both coming forward with ideas for other Barn events as well as help with running activities. Contact the Committee on info@shepherdshillallotments.co.uk
